PRODUCT OF THE MONTH

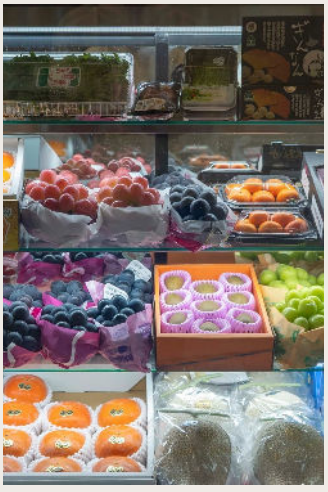

Japanese Crown Melon

One of the world's most prestigious melons, grown only in Shizuoka Prefecture, Japan.

Each vine grows just one melon, so all its sweetness goes into a single fruit. They're raised in greenhouses, hand-pollinated and polished by hand, and every melon is graded for sugar, aroma and its perfect T-shaped stem.

The result is intensely sweet, fragrant and melt-in-the-mouth juicy. Ask us about what we have new in, as it's ever-changing!
